EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 26-32 to the invention nonelected without traverse. Accordingly, claims 26-32 have been canceled by the Examiner.

Election/Restrictions

Claims 1-18, 21-25, and 32-35 are allowable. The restriction requirement among inventions, as set forth in the Office action mailed on September 26, 2007, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 19 and 20, directed to species S1a and S1b are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Drawings

The newly added drawing was received on June 13, 2008. The drawing is acceptable.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The Amendment and Terminal Disclaimer filed on June 13, 2008 have overcome the rejection set forth in the Office action sent March 17, 2008.

The limitations of a gaming device (or a method of operating the gaming device thereto) comprising: a game initiated by a wager; a plurality of reels; and an indicator operable to move substantially parallel to an axis of rotation and in a plane spaced from outer surfaces of the reels to sequentially indicate one of the symbols on each of the reels, wherein said indicator is positioned in front of the reels and is adapted to cover a portion of each of the reels; and an award adapted to be provided to a player based on one of the indicated symbols of the reels after said reels and said indicator stop moving (as per claims 1, 16, and 33), in combination with other presented limitations, are neither disclosed nor taught by the art of record.

Claims 1-25 and 33-35, therefore, are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
